The field of threat assessment and the research surrounding it has exploded since the publication of the first edition, prompting the authors to update their book to reflect those changes. The new edition contains a new preface, new forward, updated cases, 100-150 new pages, several new chapters, new charts and illustrations. It is divided into two parts, with the first part describing practical insights into the threat management process and the second part providing practical approaches for applying those insights.
