Pediatric Practice Infectious Diseases Samir Shah

The most practice-oriented guide to diagnosing and managing infectious diseases in children

"...will serve as a valuable resource for medical students, residents, pediatricians, family physicians, emergency department physicians, pediatric nurses, and pediatric infectious disease specialists....I will put it in my library where I practice and will use it especially when I am looking for an algorithm for diagnosis or treatment or seeking photographs or illustrations of a specific disease. I will use other sections for teaching hospital residents about specific infections. It is reasonably priced and covers a large amount of clinical care applicable to adults and children."--*JAMA*

Part of the *Pediatric Practice* series, *Pediatric Practice: Infectious Diseases* is filled with practical, clinically relevant guidance for successful infectious disease management. The care of the patient forms the core of this indispensable resource, which also provides perspectives on epidemiology, pathophysiology, and diagnosis that every pediatrician, infectious disease specialist, and pediatric nurse needs to know.

The book's high-yield coverage includes detailed, yet precise overviews of specific infections and their etiology, along with proven diagnostic and management strategies that you can incorporate into your practice right away.

Features:

- Tips that tell you what you must know--and what you must do--at every stage of care
- Diagnostic and treatment algorithms
- Signs/Symptoms and Differential Diagnosis boxes
- "When to Refer" boxes, which examine all the relevant clinical considerations
- Diagnostic Tests--with a realistic emphasis on the right tests to order
- Medical Treatment coverage that includes drugs, dosages, and administration in an easy-to-read tabular format
- Convenient icons and a templated chapter design
- Numerous clinical color photos and didactic diagrams

From reader reviews:

Bertha Costa:

Here thing why this specific Pediatric Practice Infectious Diseases are different and reliable to be yours. First of all examining a book is good however it depends in the content of it which is the content is as yummy as food or not. Pediatric Practice Infectious Diseases giving you information deeper and in different ways, you can find any reserve out there but there is no reserve that similar with Pediatric Practice Infectious Diseases. It gives you thrill looking at journey, its open up your personal eyes about the thing which happened in the world which is probably can be happened around you. You can bring everywhere like in park, café, or even in your approach home by train. When you are having difficulties in bringing the printed book maybe the form of Pediatric Practice Infectious Diseases in e-book can be your substitute.

Robert Clift:

Spent a free the perfect time to be fun activity to complete! A lot of people spent their spare time with their family, or their very own friends. Usually they doing activity like watching television, gonna beach, or picnic within the park. They actually doing ditto every week. Do you feel it? Do you need to something different to fill your own free time/ holiday? Could possibly be reading a book is usually option to fill your totally free time/ holiday. The first thing you will ask may be what kinds of e-book that you should read. If you want to attempt look for book, may be the reserve untitled Pediatric Practice Infectious Diseases can be fine book to read. May be it can be best activity to you.

Allison Devore:

Pediatric Practice Infectious Diseases can be one of your beginner books that are good idea. All of us recommend that straight away because this reserve has good vocabulary which could increase your knowledge in terminology, easy to understand, bit entertaining but nonetheless delivering the information. The copy writer giving his/her effort to put every word into joy arrangement in writing Pediatric Practice Infectious Diseases yet doesn't forget the main level, giving the reader the hottest along with based confirm resource facts that maybe you can be considered one of it. This great information could drawn you into new stage of crucial contemplating.

Robert Leggett:

This Pediatric Practice Infectious Diseases is great book for you because the content and that is full of information for you who all always deal with world and have to make decision every minute. This book reveal it info accurately using great plan word or we can claim no rambling sentences inside it. So if you are read that hurriedly you can have whole data in it. Doesn't mean it only gives you straight forward sentences but hard core information with splendid delivering sentences. Having Pediatric Practice Infectious Diseases in your hand like keeping the world in your arm, details in it is not ridiculous a single. We can say that no e-book that offer you world within ten or fifteen small right but this publication already do that. So , this is good reading book. Hey Mr. and Mrs. hectic do you still doubt that will?
