Taxes play an integral role in trading success, yet no book today clearly and adequately explains the tax issues that are unique to active traders and investors. *The Tax Guide for Traders* provides traders with practical material on how to minimize the impact taxes have on their hard-won profits.

Written in a hands-on style that appeals to traders as opposed to accountants, it discusses the best ways to set up a trading business, key tax forms and how to use them, tax treatment for specific types of securities, what to do in case of an audit, and much more.
